

B01545SC-14

Perfect for base cabinet sections or smaller applications of pantry storage, our new **Chef Series Adjustable Pull-Out Cabinet Rack** is but a smaller version of its tall cousin, the **Professional Series Pull-Out Pantry Rack**. Find everything you need at the back of the cabinet without rearranging everything stowed on the shelf.

Fitting standard 14-inch deep pantry sections, our shorter adjustable height rack glides in and out of 18-inch wide cabinetry on full-extension, soft-closing, ball-bearing steel slides. Two heavy-gauge, chrome-plated steel baskets fit on the powder-coated steel frame. Easy installation allows the option to mount the cabinet door face to the frame or leave it open to view (as shown).

- Luxury storage organizer for 14"+ kitchen cabinetry systems
- Soft-closing, full-extension, ball-bearing steel slides
- Two heavy-gauge, chrome-plated steel baskets
- Powder-coated steel frame
- Adjustable frame size for different cabinet heights
- Frame mounts to top, bottom and (optional) door face

Customize your pantry storage system today with this Kitchen Essential to see why Sidelines® is tops in the *Art of Fine Storage™*.
