

FOR IMMEDIATE RELEASE

Cabinet Pulls and Hooks

April 17, 2007

The logo for Sidelines, Inc. features the word "SIDELINES" in a bold, sans-serif font. To the left of the text is a large, stylized letter "S" that curves around the text.

Sidelines' new Hardwear™ Collection features our designer drawer and cabinet pulls in graceful curves, classic shapes and simple elegant knobs. Available in our signature Black Pearl and Oil Rubbed Bronze finishes, these steel or solid brass pulls richly accent any décor and perfectly match Sidelines' Oil Rubbed Bronze and Black Pearl accessory collections.

Completing the Hardwear™ Collection, our three-way, die-cast zinc hooks offer beauty and practicality. With sleek, uninterrupted lines, the mounting hardware is fully concealed behind the graceful, curving design. Available in Oil Rubbed Bronze and Black Pearl finishes, our pulls and hooks complete the coordinated, designer accessory collection in any fine closet.
